

Pam Royer, Smeal College of Business

Pam joined the Smeal Development team as a development assistant in January 2016 following thirteen years with Penn State's Purchasing Services. In her role she supports the fundraising activities of the college, with a special focus on staff travel, budget, and football.

Pam, originally from Bellefonte, lives in Spring Mills with her husband Shane and dog Tyson. Pam & Shane are empty nesters and the proud parents of Zachary, 21 who lives in Mechanicsburg and is pursuing an HVAC certificate from Harrisburg Community College; and Jacob, 19 a first-year student at Penn State University Park, College of Arts and Architecture, in the Architecture program.

Outside of work Pam enjoys spending time with her friends & family, Grange Fair (where Pam and Shane met), and enjoying the beauty of Penns Valley from her home on her husband's family farm. Pam is also active with the Relay For Life of Centre County both as a committee member and team captain.
