

## **Chrissy Snyder, Eberly College of Science**

*Position:* Development Assistant

Chrissy started her career with Penn State in 2016 as an Administrative Assistant for the Parent Philanthropy unit. During her time with Parent Philanthropy, she learned a lot about navigating the Penn State systems and about Penn State Development overall. In 2019 Parent Philanthropy merged with University Programs (Ed Equity/Student Affairs/Undergrad Ed). In fall of 2019 Chrissy was promoted to Development Assistant for this larger multifaceted unit. She continued in this role until about midway through 2022. In spring of 2022 Chrissy made the move to the College of Health and Human Development where she continued her work as a development assistant. In spring of 2023, she had the opportunity to join the Eberly College of Science's development team, and this is where she currently resides.

Chrissy is a State College native and a proud Penn State alum – along with her husband, John. They have four children: Gus, Casey, Kelly, and Jack. If that isn't enough, they also have 2 cats (Jordan and Xander) and 2 dogs (Turner and Chewbacca). She truly enjoys time with her family and spending time with good friends.
