

Katie Martin
Development Administrative Support Coordinator
Penn State Harrisburg

Katie has worked as the Development Assistant for the Department of Development and Alumni Relations at Penn State Harrisburg since June 2022. Prior to this role, she spent five years serving as an administrative support assistant for the School of Behavioral Sciences and Education at Penn State Harrisburg.

Katie graduated from Westminster College with a B.A. in Elementary Education and a B.A. in Music. Although she never actually taught in a school, her education has never been wasted! She believes learning how to learn and think critically provides a foundation for any career and every situation.

Before working at Penn State, Katie took a 17-year work hiatus to stay home with her four children. Her oldest is now married and the other three are all Penn State students!

Katie has two dogs, Lulu and Chloe, and lives with her husband and college-aged kids.
